Wealth Management

Get easy access to the information that matters most to you

RBC Wealth Management Online gives you easy, secure access to your account information wherever you have internet access, including your smartphone.

Know where you stand—every day

Your current positions are updated as they change throughout the day,¹ so you'll find it easy to stay up to date with all of your RBC Wealth Management accounts. Having access to this information means being able to make smart, informed decisions and work more closely and efficiently with your financial advisor to achieve your goals.

Mobile app

Our mobile app is designed to provide you with freedom, flexibility and secure on-the-go access to information and tools to enhance your client experience. Available for your iPhone, iPad or Android device, the RBC Wealth Management Online app is free on the App Store® or Google Play™. The app allows you to view your accounts, access market data and send secure messages to your financial advisor at the touch of a button. Additionally, you can securely deposit checks into your eligible account by using your device to take a picture of a check.

Enjoy the benefits of paperless delivery

Instead of waiting for the mail to arrive or worrying about the risk of fraud and identity theft that may come with mailed documents, our secure website gives you the safety and simplicity of reading your documents online.

When one of your documents is available to view, we'll send you an email. Just click the link in the email, sign in to our site and view the document. It's that easy.

- **Security** — We follow rigorous security practices to help protect your information online.
- **Convenience** — View an archive of documents going back several months, even years, for many documents.
- **Simplicity** — Trade your cluttered mailbox for convenient access to your important online documents. No more paper filing of documents, no more time-consuming searches for them later.
- **Environmental responsibility** — Going paperless is one of the easiest ways for us to do our part in preserving precious natural resources.
